

Community Centre Talk ‘The Fabric of the Cosmos’

Wednesday 26th January 2011 7.45pm

Presented by Chris Bradford of The Oratory School, Woodcote

An illustrated talk will take place in the Woodcote Community Centre (next to the library) on Wednesday 26th of January. The talk will start at 7.45pm (doors open 7.30pm). Entrance will be £2.50 on the door, to include tea/coffee/soft drinks and biscuits. The details are as follows;

‘This talk promises a whirlwind tour of cutting edge cosmology. From the fifth element to the 11th dimension, through wormholes to the distant future, and out past the edge of the Universe into the abyss. It is aimed firmly at the interested beginner and no prior knowledge will be required. If you have an interest in space physics, astronomy, or would simply like to know a little more about some of the current thinking on what lies out among the stars, then do come along. All will be most welcome.’
